General Notices

Annual User Fee for Customs Broker Permit and National Permit:
General Notice

AGENCY: Bureau of Customs and Border Protection, Department
of Homeland Security

ACTION: Notice of Due Date for Customs Broker User Fee

SUMMARY: This is to advise Customs brokers that the annual fee of \$125 that is assessed for each permit held by a broker whether it may be an individual, partnership, association or corporation, is due by January 19, 2007. This announcement is being published to comply with the Tax Reform Act of 1986.

DATES: Due date for payment of fee: January 19, 2007.

FOR FURTHER INFORMATION CONTACT: Bruce Raine, Broker Management Branch, (202) 344-2702.

SUPPLEMENTARY INFORMATION: Section 13031 of the Consolidated Omnibus Budget Reconciliation Act of 1985 (Pub.L. 99-272) established that an annual user fee of \$125 is to be assessed for each Customs broker permit and National permit held by an individual, partnership, association or corporation. This fee is set forth in the Customs Regulations in section 111.96 (19 CFR 111.96).

Customs Regulations provide that this fee is payable for each calendar year in each broker district where the broker was issued a permit to do business by the due date which will be published in the Federal Register annually. Broker districts are defined in the General Notice published in the Federal Register, Volume 60, No, 187, September 27, 1995.

Section 1893 of the Tax reform Act of 1986 (Pub.L. 99-514) provides that notices of the date on which the payment is due for each broker permit shall be published by the Secretary of the Treasury in the Federal Register by no later than 60 days before such due date.

This document notifies brokers that for 2007, the due date of the user fee is January 19, 2007. It is expected that the annual user fees for brokers for subsequent years will be due on or about the twentieth of January of each year.

AGENCY INFORMATION COLLECTION ACTIVITIES: Administrative Rulings

AGENCY: Bureau of Customs and Border Protection, Department of Homeland Security.

ACTION: Proposed collection; comments requested.

SUMMARY: The Bureau of Customs and Border Protection (CBP) of the Department of Homeland Security has submitted the following information collection request to the Office of Management and

Budget (OMB) for review and approval in accordance with the Paperwork Reduction Act of 1995: Administrative Rulings. This is a proposed extension of an information collection that was previously approved. CBP is proposing that this information collection be extended without a change to the burden hours. This document is published to obtain comments from the public and affected agencies. This proposed information collection was previously published in the **Federal Register** (71 FR 54674–54675) on September 18, 2006, allowing for a 60-day comment period. This notice allows for an additional 30 days for public comments. This process is conducted in accordance with 5 CFR 1320.10.

DATES: Written comments should be received on or before December 26, 2006.

ADDRESSES: Interested persons are invited to submit written comments on the proposed information collection to the Office of Information and Regulatory Affairs, Office of Management and Budget. Comments should be addressed to Nathan Lesser, Desk Officer, Department of Homeland Security/Customs and Border Protection, and sent via electronic mail to oir_submission@omb.eop.gov or faxed to (202) 395–6974.

SUPPLEMENTARY INFORMATION:

The Bureau of Customs and Border Protection (CBP) encourages the general public and affected Federal agencies to submit written comments and suggestions on proposed and/or continuing information collection requests pursuant to the Paperwork Reduction Act of 1995 (Pub. L. 104–13). Your comments should address one of the following four points:

- (1) Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency/component, including whether the information will have practical utility;
- (2) Evaluate the accuracy of the agencies/components estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;
- (3) Enhance the quality, utility, and clarity of the information to be collected; and
- (4) Minimize the burden of the collections of information on those who are to respond, including the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submission of responses.

EXTENSION OF PORT LIMITS OF DAYTON, OHIO, AND TERMINATION OF THE USER-FEE STATUS OF AIRBORNE AIRPARK IN WILMINGTON, OHIO

AGENCY: Bureau of Customs and Border Protection, DHS.

ACTION: Notice of proposed rulemaking.

SUMMARY: This notice of proposed rulemaking proposes to amend Department of Homeland Security (DHS) regulations pertaining to the Bureau of Customs and Border Protection's (CBP's) field organi-

zation by extending the geographic limits of the port of Dayton, Ohio, to include the Airborne Airpark in Wilmington, Ohio. The proposed extension of the port limits of Dayton, Ohio, is due to the closing of express consignment operations at Dayton International Airport, and the expansion of express consignment operations at Airborne Airpark, located in Wilmington, Ohio. The user-fee status of Airborne Airpark would be terminated. The proposed change is part of CBP's continuing program to more efficiently utilize its personnel, facilities, and resources, and to provide better service to carriers, importers, and the general public.

DATES: Comments must be received on or before January 22, 2007.

ADDRESSES: You may submit comments, identified by docket number, by one of the following methods:

- Federal eRulemaking Portal: <http://www.regulations.gov>. Follow the instructions for submitting comments via docket number USCBP-2006-0091.
- Mail: Border Security Regulations Branch, Office of Regulations and Rulings, Bureau of Customs and Border Protection, 1300 Pennsylvania Avenue, NW. (Mint Annex), Washington, DC 20229.

Instructions: All submissions received must include the agency name and docket number for this rulemaking. All comments received will be posted without change to <http://www.regulations.gov>, including any personal information provided. For detailed instructions on submitting comments and additional information on the rulemaking process, see the "Public Participation" heading of the SUPPLEMENTARY INFORMATION section of this document.

Docket: For access to the docket to read background documents or comments received, go to <http://www.regulations.gov>. Submitted comments may also be inspected during regular business days between the hours of 9 a.m. and 4:30 p.m. at the Office of Regulations and Rulings, Bureau of Customs and Border Protection, 799 9th Street, NW., Washington, DC. Arrangements to inspect submitted comments should be made in advance by calling Mr. Joseph Clark at (202) 572-8768.

FOR FURTHER INFORMATION CONTACT: Michael Captain, Office of Field Operations, 202-344-2804.

SUPPLEMENTARY INFORMATION:

PUBLIC PARTICIPATION

Interested persons are invited to participate in this rulemaking by submitting written data, views, or arguments on all aspects of the

proposed rule. CBP also invites comments that relate to the economic, environmental, or federalism effects that might result from this proposed rule. Comments that will provide the most assistance to CBP in developing these procedures will reference a specific portion of the proposed rule, explain the reason for any recommended change, and include data, information, or authority that support such recommended change.

BACKGROUND

CBP ports of entry are places (seaports, airports, or land border ports) designated by the Secretary of Homeland Security where CBP officers or employees are assigned to accept entries of merchandise, clear passengers where appropriate, collect duties, and enforce the various provisions of customs and related laws. To facilitate the various duties of CBP, the organizational structure of CBP must, from time to time, be amended to respond to changing demands of the importing/exporting community.

There have been two express consignment operations in the Dayton area: Menlo Worldwide Forwarding/Emery at Dayton International Airport (DAY) and Airborne Express at Airborne Airpark (ILN) in Wilmington, Ohio. The Menlo Worldwide Forwarding/Emery operation is within the Port of Dayton at the north edge of the current port boundaries, and Airborne Airpark is southeast of the current boundaries in Wilmington, Ohio. UPS purchased Menlo Worldwide Forwarding, shut down the Emery operation at Dayton International Airport, and has moved the work to their hub located in Louisville, Kentucky. DHL Express (USA) has purchased Airborne Express and has shut down the DHL operations in Cincinnati-Northern Kentucky Airport (CVG) in Covington, Kentucky. DHL Express (USA) is opening a new, much larger combined operation at Airborne Airpark. These changes in operations will result in an increase in the demand for CBP services at the Airborne Airpark.

In response to these changes, CBP is proposing to amend 19 CFR 101.3(b)(1) by extending the port limits of the Port of Dayton to include the Airborne Airpark, which is currently listed as "Wilmington Airport" in the list of user-fee airports at 19 CFR 122.15(b) (note that the regulations currently refer to the airport as "Wilmington Airport" rather than the correct "Airborne Airpark"). If the proposed port limits are adopted, CBP would relocate the CBP Dayton Port office from its current location at the Dayton International Airport to a new location near the new DHL operation at Airborne Airpark. CBP would also establish an adequately sized secure storage facility in efficient proximity to Airborne Airpark. The proposed changes are intended to allow for continued efficient operation and supervision of CBP services at the DHL facility.

Airborne Airpark is currently a user fee airport. CBP services at a user fee airport are not paid for out of appropriations from the gen-

eral treasury of the United States. Instead, these services are provided on a fully reimbursable basis to be paid for by the airport on behalf of the recipients of the services. The airport pays for CBP services and then seeks reimbursement from the actual users of those services.

If this proposal is adopted, the Commissioner of CBP would terminate the user fee status of Airborne Airpark and remove the listing “Wilmington Airport” from the user fee list in 19 CFR 122.15(b), because the facility would be included in the boundaries of the Port of Dayton. As a result of the termination of the user fee status of Airborne Airpark, the system of reimbursable fees for Airborne Airpark would be discontinued. This proposed change of status for Airborne Airpark from a user fee airport to inclusion within the boundaries of a port of entry would subject the airport to the passenger processing fee provided for at 19 U.S.C. 58c(a)(5)(B). This fee is collected by CBP and paid into the United States treasury. CBP services would be paid for out of appropriations from the general treasury.

CURRENT PORT LIMITS OF DAYTON, OHIO

The current port limits of Dayton, Ohio, as described in Treasury Decision (T.D.) 76–77 of March 3, 1976, include the territory within the city limits of Dayton, Ohio, as well as the territory within the township limits of the adjacent townships of Butler, Harrison, Wayne, and Mad River, Ohio.

PROPOSED PORT LIMITS OF DAYTON, OHIO

The proposed port limits for Dayton, as well as being expanded to include the Airborne Airpark, substitute geographic information that is readily identifiable by the public in lieu of sometimes difficult to locate township boundaries. The geographic limits of the Port of Dayton are proposed to be as follows:

Beginning at the point where Federal Interstate Highway 75 crosses the Montgomery County – Miami County line; then west along the Montgomery County line to the point where Frederick Pike intersects the Montgomery County line; then south and east on Frederick Pike to the intersection with Dixie Drive; then south to Keowee Street, then south to Federal Interstate Highway 75 to the point where I–75 intersects the Montgomery County – Warren County line; then east along the county line (which becomes the Greene County – Warren County line) to the Clinton County line; then south along the Clinton County line to the intersection with Ohio State Route 350; then east on Route 350 to the intersection with Ohio State Route 73; then north and west on Route 73 to the intersection with U.S. Route 22; then west along Route 22 to U.S. Highway 68; then north and west on U.S. 68 to the intersection with U.S. Highway 35; then west and north on U.S. 35 to Interstate High-

way 675; then north and east on I-675 to the intersection with Federal Interstate Highway 70; then west on I-70 to the intersection with the Montgomery County line; and then north and west along the Montgomery County line to the point of beginning.

PROPOSED AMENDMENT TO THE REGULATIONS

If the proposed port limits are adopted, the list of CBP ports of entry at 19 CFR 101.3(b)(1) will be amended to reflect the new boundaries of the Dayton, Ohio, port of entry and “Wilmington Airport” will be deleted from the list of user-fee airports at 19 CFR 122.15(b).

AUTHORITY

This change is proposed under the authority of 5 U.S.C. 301 and 19 U.S.C. 2, 66 and 1624.

THE REGULATORY FLEXIBILITY ACT AND EXECUTIVE ORDER 12866

With DHS approval, CBP establishes, expands and consolidates CBP ports of entry throughout the United States to accommodate the volume of CBP-related activity in various parts of the country. This proposed rule is not a significant regulatory action within the meaning of Executive Order 12866. This proposed rule also will not have a significant economic impact on a substantial number of small entities as it merely expands the limits of an existing port of entry. Accordingly, it is certified that this document is not subject to the additional requirements of the provisions of the Regulatory Flexibility Act (5 U.S.C. 601 *et seq.*).

SIGNING AUTHORITY

The signing authority for this document falls under 19 CFR 0.2(a) because this port extension is not within the bounds of those regulations for which the Secretary of the Treasury has retained sole authority. Accordingly, the notice of proposed rulemaking may be signed by the Secretary of Homeland Security (or his delegate).

19 CFR PART 177

REVOCACTION OF RULING LETTER AND REVOCACTION OF TREATMENT RELATING TO THE TARIFF CLASSIFICATION OF CERTAIN ACYRLIC FILAMENT TOW

AGENCY: U.S. Customs and Border Protection, Department of Homeland Security.

ACTION: Notice of revocation of a tariff classification ruling letter and revocation of treatment relating to the classification of certain acrylic filament tow.

SUMMARY: Pursuant to section 625(c), Tariff Act of 1930 (19 U.S.C. 1625(c)), as amended by section 623 of Title VI (Customs Modernization) of the North American Free Trade Agreement Implementation Act (Pub. L. 103–182, 107 Stat. 2057), this notice advises interested parties that U.S. Customs and Border Protection (CBP) is revoking one ruling letter relating to the tariff classification, under the Harmonized Tariff Schedule of the United States (HTSUS), of certain acrylic filament tow. Similarly, CBP is revoking any treatment previously accorded by it to substantially identical transactions. Notice proposing these actions and inviting comments on their correctness was published in the *Customs Bulletin*, Volume 40, Number 41, on October 4, 2006. No comments were received in response to this notice.

EFFECTIVE DATE: This action is effective for merchandise entered or withdrawn from warehouse for consumption on or after February 5, 2007.

SUPPLEMENTARY INFORMATION:

BACKGROUND

On December 8, 1993, Title VI (Customs Modernization), of the North American Free Trade Agreement Implementation Act (Pub. L. 103-182, 107 Stat. 2057) (hereinafter "Title VI"), became effective. Title VI amended many sections of the Tariff Act of 1930, as amended, and related laws. Two new concepts which emerge from the law are **informed compliance** and **shared responsibility**. These concepts are premised on the idea that in order to maximize voluntary compliance with customs laws and regulations, the trade community needs to be clearly and completely informed of its legal obligations. Accordingly, the law imposes a greater obligation on CBP to provide the public with improved information concerning the trade community's responsibilities and rights under the customs and related laws. In addition, both the trade and CBP share responsibility in carrying out import requirements. For example, under section 484 of the Tariff Act of 1930, as amended (19 U.S.C. 1484), the importer of record is responsible for using reasonable care to enter, classify and value imported merchandise, and provide any other information necessary to enable CBP to properly assess duties, collect accurate statistics and determine whether any other applicable legal requirement is met.

Pursuant to section 625(c)(1), Tariff Act of 1930 (19 U.S.C. 1625(c)(1)), as amended by section 623 of Title VI, notice proposing to revoke New York Ruling Letter (NY) L84817 was published in the *Customs Bulletin*, Volume 40, Number 41, on October 4, 2006. No comments were received in response to this notice. As stated in the proposed notice, the revocation will cover any rulings on this merchandise which may exist but have not been specifically identified. CBP has undertaken reasonable efforts to search existing databases for rulings in addition to the one identified. No further rulings have been found. Any party who has received an interpretive ruling or decision (*i.e.*, ruling letter, internal advice memorandum or decision or protest review decision) on the merchandise subject to this notice should have advised CBP during this notice period.

Similarly, pursuant to section 625(c)(2), Tariff Act of 1930 (19 U.S.C. 1625 (c)(2)), as amended by section 623 of Title VI, CBP is revoking any treatment previously accorded by CBP to substantially identical transactions. Any person involved with substantially identical transactions should have advised CBP during this notice period. An importer's failure to advise CBP of substantially identical

transactions or of a specific ruling not identified in this notice, may raise issues of reasonable care on the part of the importer or its agents for importations of merchandise subsequent to the effective date of the final decision on this notice.

In NY L84817, CBP classified what was described by the requestor of the ruling as “synthetic filament yarn (non-twisted)” in subheading 5402.49.9040, HTSUS, which provides for: “Synthetic filament yarn (other than sewing thread), not put up for retail sale, including synthetic monofilament of less than 67 decitex: Other yarn, single, untwisted or with a twist not exceeding 50 turns/m: Other: Other, Monofilament; multifilament, untwisted or with twist of less than 5 turns per meter: Other: Other.” As a result of the receipt of additional information from the importer of the merchandise and our re-review of a sample of the merchandise, CBP now recognizes that the merchandise that is the subject of NY L84817 is not synthetic filament yarn, but synthetic filament tow that is correctly classified in subheading 5501.30.0000, HTSUSA, which provides for: “Synthetic filament tow: Acrylic or modacrylic.”

Pursuant to 19 U.S.C. 1625(c)(1), CBP is revoking NY L84817 and any other ruling not specifically identified that is contrary to the determination set forth in this notice to reflect the proper classification of the merchandise pursuant to the analysis set forth in Headquarters Ruling Letter (HQ) 968128, which is set forth as the attachment to this document. Additionally, pursuant to 19 U.S.C. 1625(c)(2), CBP is revoking any treatment previously accorded by CBP to substantially identical transactions.

In accordance with 19 U.S.C. 1625(c), this action will become effective 60 days after its publication in the *Customs Bulletin*.

Re: Classification of acrylic filament tow from Japan; revocation of NY L84817

DEAR MR. RICCI:

On May 17, 2005, U.S. Customs and Border Protection (“CBP”) issued New York Ruling Letter (“NY”) L84817 to you, on behalf of Grafil, Inc. In NY L84817, CBP classified what you described in your request as “synthetic filament yarn (non-twisted)” in subheading 5402.49.9040, Harmonized Tariff Schedule of the United States Annotated (“HTSUSA”), which provides for: “Synthetic filament yarn (other than sewing thread), not put up for retail sale, including synthetic monofilament of less than 67 decitex: Other yarn, single, untwisted or with a twist not exceeding 50 turns/m: Other: Other, Monofilament; multifilament, untwisted or with twist of less than 5 turns per meter: Other: Other.” You brought to our attention on November 13, 2006, that the article classified in NY L84817 is identified by Grafil, Inc. as Product No. “AH24H” and we reference that product number here for clarity.

We have recently recognized that the merchandise that is the subject of NY L84817 is not synthetic filament yarn, but synthetic filament tow. Consequently, this ruling, Headquarters Ruling (“HQ”) 968128, revokes NY L84817 and provides the correct classification of the synthetic filament tow at issue.

We note that CBP issued a separate ruling (NY L89976) directly to Grafil, Inc. on January 27, 2006, on the classification of acrylic filament tow. We believe that the tow that is the subject of NY L89976 is identical to the tow that is the subject of NY L84817 and, in turn, this ruling letter. The holding of this ruling letter corresponds with the holding of NY L89976.

Pursuant to section 625(c), Tariff Act of 1930 (19 U.S.C. 1625(c)), as amended by section 623 of Title VI (Customs Modernization) of the North American Free Trade Agreement Implementation Act, Pub. L. 103-182, 107 Stat. 2057, 2186 (1993), notice of the proposed revocation of NY L84817 was published in the *Customs Bulletin*, Volume 40, Number 41, on October 4, 2006. CBP received no comments during the notice and comment period that closed on November 3, 2006.

FACTS:

NY L84817 provides the following very limited details about the merchandise at issue:

You have submitted a sample of acrylic monofilament yarn. You state that it will not be put up for retail sale but will be used in the production of carbon fiber for use in such products as fishing rods and tennis rackets.

After issuance of NY L84817, CBP retained the sample noted in the quotation above. During the preparation of NY L89976, Grafil, Inc. provided the following additional information to CBP regarding the merchandise at issue (referred to below as “tow”):

... the tow exceeds 2 meters in length (it is greater than 50,000 meters); it has fewer than 5 twists per meter (it is not twisted); it measures less than 67 decitex per filament (each filament is between 1.0 and 1.3 decitex); the tow cannot be stretched by more than twice its length (it cannot be stretched to more than 10% of its length); and the total measurement of the sample tow is more than 20,000 decitex (the total is between 24,000 and 31,000).

Additionally, Grafil, Inc. informed us that the tow at issue would not be re-sold in this [tow] form, but would be carbonized to form carbon fiber, which would then be used in products such as golf club shafts, bows and arrows, bicycle frames, and aerospace applications. We also note that the tow at issue consists of parallel filaments of uniform length equal to the length of the tow. The tow is made in Japan.

As a result of the additional information from Grafil, Inc. (obtained after the issuance of NY L84817) and our recent re-review of the sample, it is now clear that the merchandise at issue was incorrectly classified in NY L84817.

ISSUE:

What is the classification of the article at issue?

LAW AND ANALYSIS:

Classification under the HTSUSA is made in accordance with the General Rules of Interpretation (“GRI”). GRI 1 provides, in part, that classification decisions are to be “determined according to the terms of the headings and any relative section or chapter notes.” If the goods cannot be classified solely on the basis of GRI 1, and if the headings and legal notes do not otherwise require, the remaining GRI may then be applied, in order.

The Harmonized Commodity Description and Coding System Explanatory Notes (“EN”) constitute the official interpretation of the Harmonized System at the international level (for the 4 digit headings and the 6 digit subheadings) and facilitate classification under the HTSUSA by offering guidance in understanding the scope of the headings and GRI. While neither legally binding nor dispositive of classification issues, the EN provide commentary on the scope of each heading of the HTSUSA and are generally indicative of the proper interpretation of the headings. See T.D. 89–80, 54 Fed. Reg. 35127–28 (Aug. 23, 1989).

Note 1 to Chapter 55, HTSUSA, states that

Headings 5501 and 5502 apply only to man-made filament tow, consisting of parallel filaments of a uniform length equal to the length of the tow, meeting the following specifications:

- (a) Length of tow exceeding 2 m;
- (b) Twist less than 5 turns per meter;
- (c) Measuring per filament less than 67 decitex;
- (d) Synthetic filament tow only: the tow must be drawn, that is to say, be incapable of being stretched by more than 100 percent of its length; and
- (e) Total measurement of tow more than 20,000 decitex.

The article at issue consists of parallel filaments of uniform length equal to the length of the tow. The article also satisfies the other requirements of Note 1 to Chapter 55, HTSUSA, listed above. As a result, we find that the article is provided for by heading 5501, HTSUSA, which provides for synthetic filament tow, and was incorrectly classified as synthetic filament yarn in NY L84817. As the tow at issue is acrylic, it is specifically provided for by 5501.30.0000, HTSUSA, which provides for: "Synthetic filament tow: Acrylic or modacrylic."

HOLDING:

The article at issue is classified in subheading 5501.30.0000, HTSUSA, which provides for: "Synthetic filament tow: Acrylic or modacrylic." The applicable column one (general) duty rate for the merchandise under the 2006 HTSUSA is 7.5% *ad valorem*.

Duty rates are provided for your convenience and are subject to change. The text of the most recent HTSUSA and the accompanying duty rates are provided on the world wide web at www.usitc.gov.

EFFECT ON OTHER RULINGS:

NY L84817, dated May 17, 2005, is hereby revoked.

In accordance with 19 U.S.C. 1625(c), this ruling will become effective 60 days after its publication in the *Customs Bulletin*.
